2. Click on Connect to Chat button for starting the chat

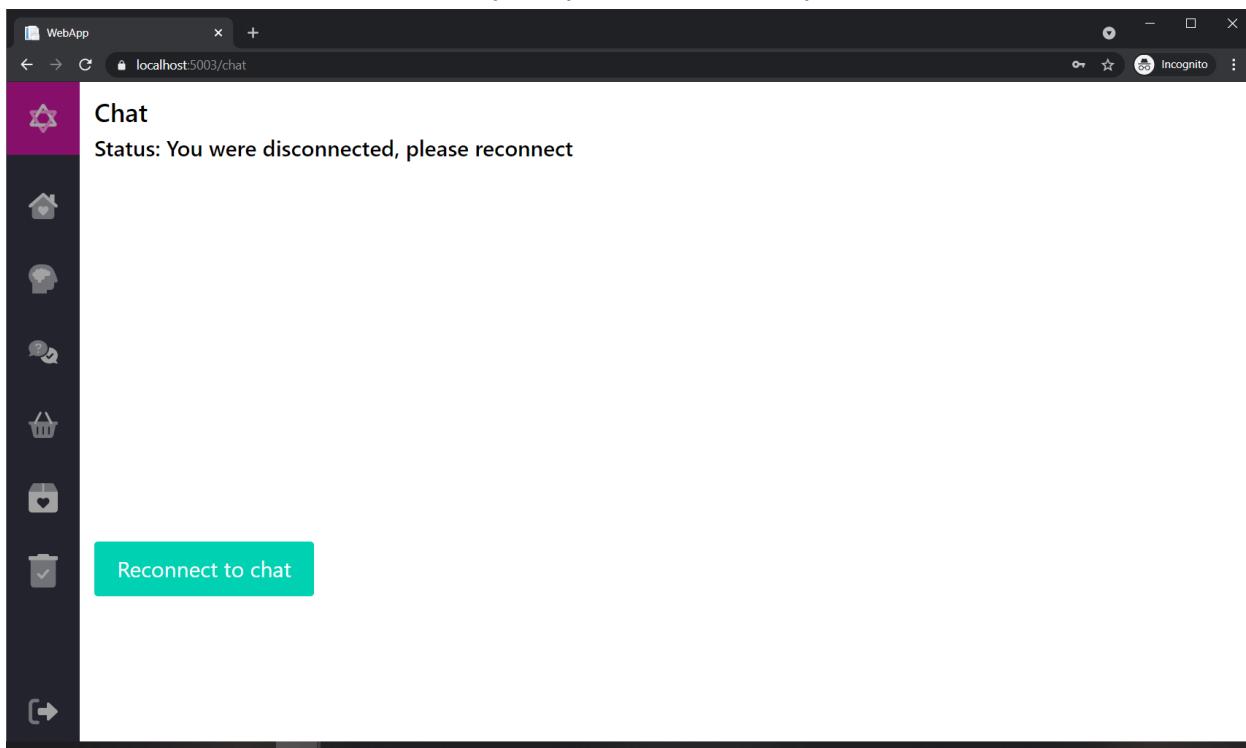

3. Write your message in the text field and click on the Ask question button.

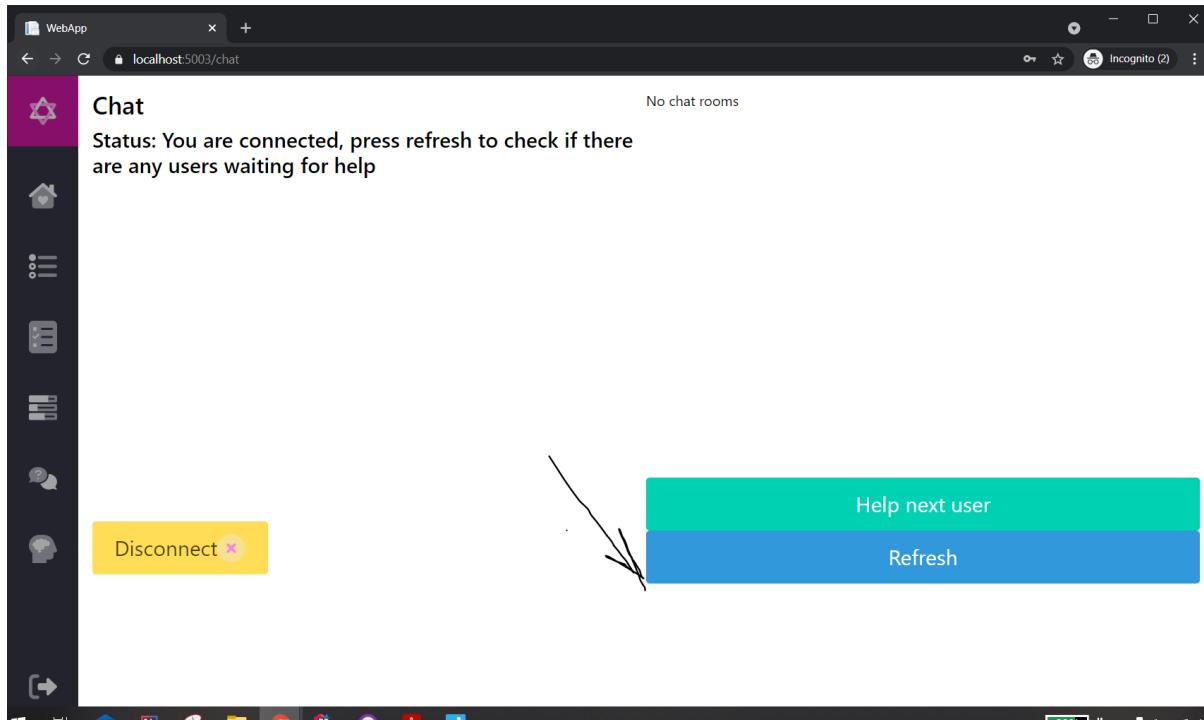

- After you click on the button you are gonna be placed in a queue. At this point you just have to wait for the Administrator to join the room and solve the problem. After which you can close the room if your problem is solved.

- If you disconnect or leave the website without closing the room you will be greeted by the same chat room next time you try to use the chat system.

1. The Administrator has the same functionality as the user, but with some extra features.  
Administrator is connected, press refresh to check if there are any users waiting for help.

2. After clicking on the Refresh button, all the available users will appear as a list. Clicking on the Connect button will open the Chat Room with one of the Users.
